Wipe out unsightly graffiti quickly and easily, with Safer Systems' Graffiti Remover.

Damage from graffiti can take just minutes, but can last weeks, impairing the appearance of your vending machine and affecting valuable sales.

Safer Systems' graffiti solution offers a simple and effective answer to your graffiti problems at a single stroke.

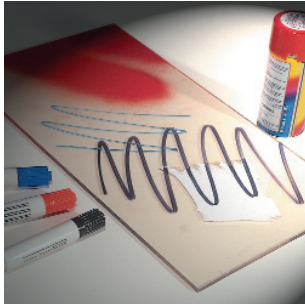

Graffiti remover tackles a wide range of unsightly problems from transfers and fly poster glue, to marker pens and aerosol spray paint, without damaging plastic, metal or spray-painted surfaces, making it ideal for vending machines and vehicles alike.

Available in 500ml bottles, Safer Systems' graffiti solution is a low odour, non-aerosol product, which will not smear or leave residue – just clean surfaces.

Make sure the only message on your machines is yours, with Safer Systems' graffiti remover.
